1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicants' attorney, Douglas Rodriguez, on September 15, 2006.

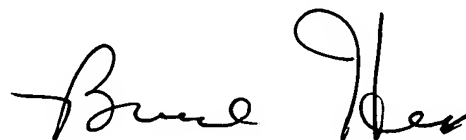

The application has been amended as follows:

A. In claim 19, line 1, - - recorded on - - has been cancelled and "in combination with" substituted therefore; and

B. Non-elected claims 20-30 have been cancelled. Applicants reserve the right to file a divisional application on the non-elected invention.

2. The following is an examiner's statement of reasons for allowance: The prior art (e.g., USP 6,920,640) fails to teach or suggest applicants' claimed materials in the sequence in which those materials occur. Finally, it is noted that claims 16-19 have been regrouped with the elected invention.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
